## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by GB

2,211,312.

1. Regarding claim 8, GB 2,211,312 discloses a roller pair for a roller testing stand, comprising: two commonly driven wheel support rollers, a first of the rollers being adjustable so that a distance of the first roller with respect to a second of the roller is adjustable, the first roller being movably arranged so that an axis of the first roller is displaceable along a path defined by a circle arc having a center that substantially coincides with an axis of a driving gear or wheel (Figure 2).

2. Regarding claim 9, GB 2,211,312 discloses an endless transmission element arranged between the driving gear or wheel and the adjustable first roller so that the adjustable first roller is driven by the driving gear or wheel (Figure 2, references 33 and 34).

3. Regarding claim 14, GB 2,211,312 discloses a roller testing stand comprising a roller pair having two commonly driven wheel support rollers, a first of the rollers being adjustable so that a distance of the first roller with respect to a second of the roller is adjustable, the first roller being movably arranged so that an axis of the first roller is displaceable along a path defined by a circle arc having a center that substantially coincides with an axis of a driving gear or wheel (Figure 2).

***Allowable Subject Matter***

Claims 10-13 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
